

Money Maker Lightpaper

Introduction to MMM

Dive Deep with MMM: Money Maker Markets revolutionizes decentralized margin trading by offering unmatched advantages like stable prices, up to 100x leverage, and direct blockchain-based trading. It uniquely amalgamates funds from different blockchain networks, maximizing capital usage.

Key Benefits

For Traders:

- Amplify trades up to 100x.
- Competitive trading costs.
- Access to extensive combined funds.
- Versatility in asset collateral.

For Liquidity Providers:

- Opportunity to contribute funds and receive lpMMM tokens.
- Earn additional rewards with lpMMM tokens.

For the Community:

- Secure the special mMMM token.
- Earn additional rewards and MMM tokens with mMMM.

MMM Aggregation Platform

Purpose: Address the dilution and complications arising from multiple decentralized margin trading platforms across blockchains.

How It Works:

- **Routing Funds Efficiently:** Directs traders to optimal liquidity platforms.
- **Position Management:** Uses smart contracts for managing trader's active positions.
- **Enhanced Leverage:** Ensures desired leverage levels for traders.
- **Cross-Chain Liquidity:** Bridges the gap between multiple blockchains.
- **Pooling Liquidity:** Combines liquidity from multiple sources for a consistent trading experience.

Core Mechanisms

- 1. Universal Liquidity:** MMM harmonizes liquidity spread across chains, optimizing capital utilization without physical asset transfers.
- 2. Multi-Asset Pool:** MMM LP pool safeguards assets, eliminating counterparty risks.

3. Dark Oracle: Ensures accurate pricing and thwarts front-running for a secure trading environment.

Concept of Universal Liquidity Pool

- **Liquidity Overview:** MMM has an expansive pool of diverse assets. Users can contribute by purchasing MMM LP tokens.
- **Using MMM LP Tokens:** Stake tokens to earn rewards and MMM tokens.
- **MMM LP Pool Composition:** A mix of top-tier assets and stablecoins.
- **Earnings & Risks:** MMM LP earns from fees, penalties, and rewards but can also face trading losses and asset depreciation.

MMM Tokenomics

Token Supply & Distribution:

- Limited to 10 million MMM tokens.
- 5% tax on each transaction.
- Individual wallet cap of 4% of total supply.
- Revenue Distribution: 70% to reward holders and 30% for token buyback and burn.

Cross-Blockchain Ecosystem

MMM will operate on Ethereum, Arbitrum, BNB Chain, Avalanche, and Fantom, with more platforms coming soon.

Roadmap

Phase I: Foundation

- Conceptualization & Strategy Formation: Crafting the MMM vision and conducting market research.
- Team Formation: Assembling a team of blockchain experts, developers, and market strategists.
- Technical Blueprint: Drafting the architecture for the MMM platform, aggregator, and other components.

Phase II: Development & Initial Testing

- Platform Development: Building the decentralized margin trading platform with essential features.
- Aggregator Implementation: Integrating the MMM Leveraged Trading Aggregator for optimized liquidity routing.
- Beta Testing: Inviting select users to test the platform, gathering feedback, and making necessary refinements.

Phase III: Launch & Expansion

- Platform Launch: Rolling out MMM to the public with full features.
- Cross-Blockchain Integration: Expanding to other blockchains like Ethereum, Arbitrum, BNB Chain, Avalanche, and Fantom.
- Community Engagement: Hosting webinars, AMAs, and community events to educate users and gather feedback.

Phase IV: Enhancements & Upgrades

- V2 Release: Collaborating with other platforms to enable up to 100x leverage.
- V3 Introduction: Broadening cross-chain liquidity capabilities.
- V4 Deployment: Centralized management of diverse protocol positions.

Phase V: Future Innovations

- Research & Development: Exploring new blockchain technologies and innovations to keep MMM at the forefront.
- Partnerships: Collaborating with other DeFi platforms, exchanges, and financial institutions to expand MMM's offerings.
- Global Expansion: Targeting global markets and customizing the platform to cater to regional needs and preferences.

This roadmap is an expanded version, highlighting the key milestones MMM plans to achieve in its journey.
